

Testimonials *What do clients say about presentations by Denise Cooney...*

We learnt an array of skills that will certainly improve our marketing outcomes. All participants walked away motivated and confident that our future trade displays would be successful. We found Denise easy to talk to, in an environment that felt natural and relaxed rather than a strict classroom. This four hour session achieved more than we have in four years.

Anne Cornish, Managing Director, Records Solutions

I had fantastic feedback from exhibitors – even those who have exhibited with us for a number of years.

Susan Mahony, Gift & Homewares Australia

An easy listening style and an obvious knowledge / information / experience base. I found you to be a teacher rather than a teller.

Ron McDermott, Skyline Displays Australia Pty Ltd
